## RUSH COUNTY IS \$40,000 SHORT OF ITS EXCESS QUOTA

FINAL APPEAL  
FOR LIBERTY  
BONDS MADEToday's Report Shows \$710,000  
Worth Have Been Sold in the  
County

## LAST OF MEETINGS IS HELD

Claris Adams of Indianapolis Makes  
Eloquent Appeal for Support of  
Third Loan

## TOWNSHIPS COME TO FRONT

Noble, Center, Washington, Ander-  
son and Ripley Receive Honor  
Flags for Reaching Quotas

Following a series of stirring appeals which have been made in every part of the county in the past few days in behalf of the campaign for liberty dollars, Rushville and Rush county is making a final appeal to the people to assist in raising the additional \$40,000 necessary to complete the fifty percent excess quota.

The report of Rush county bond sales which was forwarded to the executive office of the seventh federal reserve district today disclosed the fact that Rush county's sales thus far have amounted to \$710,000. Officials of the drive in this county, however, are confident that Rush county will be equal to the demands of the government and that during the four remaining days the necessary amount will be raised.

"Tonight the Hun stands a victor in the war. If peace were signed now it would be a victorious peace for the German empire. The Hun now has more people enthralled than live in all Germany and up to this time has conquered more territory than was won in all of the wars of Frederick the Great and William the Second.

In this way Claris Adams of Indianapolis, speaking at the Liberty loan rally at the Graham Annex auditorium last night, showed the menace to America at this stage of the war. He did not plead for the buying of more bonds on that issue alone—self protection—but he said it was of supreme importance that the people of the United States realized the truth.

The crowd was not as large as it should have been. The lower floor was little more than half full of people and there were a number up stairs. No bonds were sold and no attempt was made to sell any.

The first of the program consisted of a number of war pictures which were explained by Superintendent J. H. Scholl. The girls and boys high school glee club sang several numbers, including, "Sammy Boy," a song written by Mrs. Lon Kennedy of this city. The glee club was applauded vigorously.

Mr. Adams reviewed the early history of the war, recalling how the Huns had ravished Belgium and had violated all the laws of humanity when they had promised to respect the neutrality of Belgium.

"Some of us felt that war was inevitable when Germany invaded Belgium," said Mr. Adams. "Some of us felt that it could not be avoided when a torpedo sent helpless innocent women and children to their graves, but the United States held off until insult had been heaped upon insult, and when we did enter, every man, woman and child stood behind the government for a successful prosecution of the war."

"Three days after the spring drive opened on the west front," the

## NO HARD COAL FOR FURNACE

Consumers Equipped to Use Soft  
Coal Can Not Get It

No Rush county consumer can get hard coal if he is equipped to use soft coal. This is the edict of the fuel administration and dealers and consumers violating the order will be held jointly responsible. This means no hard coal will be burned in furnaces next winter. The fuel administration regards it as unfair to make unnecessary demands on an already insufficient supply.

MARY HACKLEMAN  
EXPIRES SUDDENLYWife of Dr. F. G. Hackleman Dies  
of Acute Indigestion After Be-  
ing Ill Only Few Hours

## HUSBAND AND TWO SONS LEFT

Mrs. Hackleman Was Member of  
Prominent Clubs and Took Ac-  
tive Part in Red Cross Work

Mrs. Mary Hackleman, 56 years old, wife of Dr. F. G. Hackleman, died this morning shortly after eight o'clock at her home following an illness of acute indigestion of only a few hours duration.

During the afternoon yesterday Mrs. Hackleman was taken violently ill with indigestion and although medical aid was summoned immediately her condition continued to grow worse until this morning when her heart became affected and death resulted.

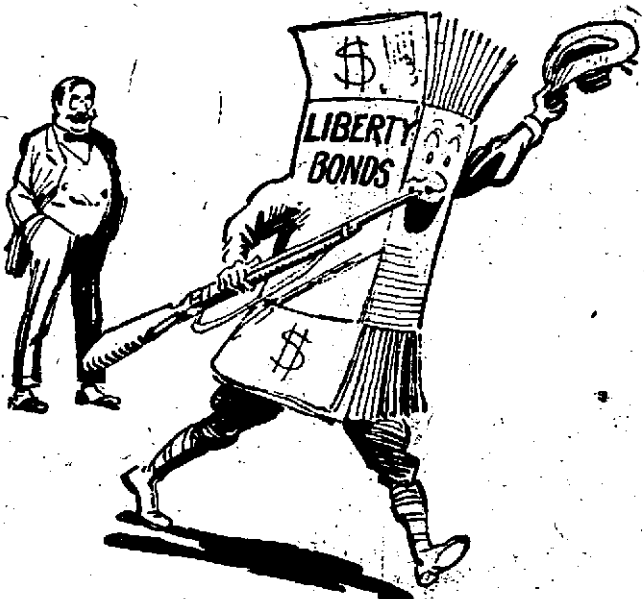

The deceased is survived by her husband and sons Ward Hackleman of Indianapolis and Ralph Hackleman, who is studying at Wabash college in Crawfordsville. Two brothers, Rue P. Henley and Enos Henley, and one sister, Mrs. Dan Newsom of Ripley township also survive.

The deceased was among Rushville's best known women and her sudden death comes as a shock to the entire community. She was a member of Rushville's most prominent clubs and for many years had taken an active part in all phases of women's public work here. Since the organization of the Rush county Red Cross, Mrs. Hackleman had been an enthusiastic worker and lately had been appointed one of the instructors in the surgical dressing classes here. Mrs. Hackleman was also a member of St. Paul's M. E. church and took an unusually active part in the affairs of the home and foreign missionary societies, the Ladies Aid society and other departments of the church work.

Mrs. Hackleman, who was the daughter of Jesse Henley of Ripley was born on a farm south of Cartilage, commonly known as Henley Hill and spent her entire life in this county. For several years previous to her marriage which occurred thirty-one years ago, she taught in the schools in Rush county and at the time of her marriage was teaching in the Rushville schools.

The funeral services will be conducted Thursday afternoon at two o'clock at the residence in North Morgan street, after which burial will be made in East Hill cemetery. Rev. Clyde S. Black will have charge of the services.

Mrs. F. B. Johnson suffered a severe attack of acute indigestion this morning while on the way to the home of Dr. F. G. Hackleman and was taken into the home of Mr. and Mrs. John P. Frazier. She was ill at the Frazier home this afternoon but her condition was not regarded as serious.

If YOU CAN'T ENLIST—  
YOUR MONEY CAN!Volunteer your Cash!  
INVEST IN LIBERTY BONDSALL BUT ONE OF THE  
INCREMENT ACCEPTEDEdward Gordon Is Discharged From  
Camp Taylor as Physically Un-  
fit—Five Leave Tomorrow

## DEMONSTRATION FOR THEM

All of the increment of thirty-one electives leaving here last Saturday for Camp Taylor, Ky., were accepted with the exception of Edward Gordon, who returned here today. He was rejected as physically unfit and sent home. The county army selection board has not been officially notified of his rejection.

The increment of five men answering the next call leaves tomorrow afternoon at 3:55 o'clock on an east-bound C. I. & W. train for Fort Thomas, Ky. A demonstration for these men is being urged. The time is more convenient for most persons than that when the increment goes to Camp Taylor, and for this reason it is believed that a large crowd will see them off.

An informal reception was held today at the Beer house for Frank Hagerty, one of the increment going to Fort Thomas. He was presented with a large comfort kit by the boarders at the Beer house.

## 125 REGISTER IN JACKSON

Women in That Township Expect  
100 Percent

Reports from the registration committee in Jackson township of the woman power for war work indicate that the committee in charge of the registration there is meeting with unusual success. Already the registration of 125 women has been reported and according to the registrars a one-hundred percent registration is expected before the drive closes. Mrs. Raymond Gartin is chairman of the committee.

## RETURNED TO CAMP SHELBY

Sergt. Warren left at 12:25 today for Camp Shelby, Miss., with Private Ralph Wagoner who was held here for being absent from camp without leave. Sergt. Warren, who was the guard sent here, spent a few days at his home in Pendleton and came on here yesterday to get Private Wagoner.

COUNTER REVOLT  
DEMANDS NEW PACTStockholm Report Says Brest-Lit-  
ovsk Treaty Is Unacceptable—  
Russia Prepares For War

## TRAINING PLAN IS ACCEPTED

(By United Press.)

Stockholm, April 30.—The counter revolution in Petrograd has pronounced the Brest-Litovsk peace pact unacceptable and has demanded a new treaty by which Estonia will remain under Russian rule, according to reports published today.

Petrograd, April 30.—Russia is preparing in the most serious manner to re-enter the war as far as possible under the circumstances. The council at Moscow adopted Trotsky's plan of military training for all men from 16 to 40 and conscription of all workers and peasants.

Those not belonging to these classes will be forced to train but not taken into the army until necessary.

The new plan is expected to yield a large army in 10 months if the allies hold until next spring when Russia will be able to strike anew with fresh forces. Then the doom of Germany will be sealed.

## LOAN ADVANCES RAPIDLY

Increase Over Last Night's Report  
is \$130,140,000

(By United Press.)

Washington, April 30.—With four more days to go after today the third liberty loan total reached \$2,413,442,000 this morning.

This was an increase over the official report of last night of \$130,140,000.

## ILLEGAL METHODS CHARGED

(By United Press.)

Washington, April 30.—A formal complaint charging illegal trade methods designed to stifle competition was issued against the Indiana Standard Oil company by the federal trade commission today.

The C. W. B. M. will meet Thursday afternoon at two-thirty in the parlors of the Main street Christian church.

## ASK SATURDAY FOR FARMERS

Treasurer Requests City People to  
Pay Taxes Other Days

It is earnestly requested by the county treasurer and his deputy that people living in Rushville pay their taxes before Saturday or on either Friday, Saturday or Monday evenings so that country people will have opportunity to settle Saturday. Collections yesterday amounted to \$16,010, leaving approximately \$84,000 to be collected on the spring installment, or an average of \$14,000 a day.

IS QUALIFIED TO  
GIVE WAR CONCERTGrace Hall Riheldaffer Gets Insight  
Into Army Preparation by Tour  
of Camps

## GIVES 161 RECITALS FOR BOYS

She Has a Son in France, Too, and  
Sings War Songs With Feeling  
And Expression

Grace Hall Riheldaffer, who appears in a recital at the Main Street Christian church here Friday night is qualified to give a war concert after a tour of camps and cantonments in the United States where she gave 161 recitals before the boys in khaki.

She has a son in France, too. She calls him "Bill" for short. When she sings war songs, she does so feelingly because they mean something to her. Mrs. Riheldaffer will go to France herself in the fall to do her part in the struggle.

Tickets are selling at thirty-five cents each and the men who guaranteed the fund to bring Mrs. Riheldaffer here are hoping that every bit of available space in the church is taken because the proceeds over and above actual expenses goes to a fund to buy yarn for making garments for the men of the 139th field artillery infirmary at Camp Shelby, Miss., which was recruited here. Tickets are on sale at all the drug stores and are being sold by members of the Tri Kappas and Psi Iota Xi sororities. Louis Rawlings will also play a violin solo at the concert here.

Copies of "Trench and Camp" published in army cantonments, at aviation fields and forts where soldiers are stationed, have been received here and contain glowing accounts of the way Mrs. Riheldaffer has captivated immense audiences of soldiers.

An account of her concerts at Camp Sheridan, Montgomery, Ala., says that the "high tide in her program was reached when the vast audience stood at attention as Madame Riheldaffer sang the Marseillaise in French and English. Waves of emotion swept over the audience and yet it seemed that the drop of a pin could be heard."

Continuing the account of her visit to Camp Sheridan says: "At the close of the concert the singer told of her son 'Bill,' who is in France with 115th Engineers, and asked all the Boys who wanted to shake hands with Bill's mother, just to come to the front of the stage and she would be glad to meet them. The Boys heartily accepted the invitation, and after almost an hour of fling past, shaking hands, and answering her kindly inquiries, Dr. Broomfield found it necessary to rescue her from the crowd, and get her to a hotel to rest."

"In passing in and out among the Boys, Dr. Broomfield overheard the following comments: 'That woman is

LINE INTACT  
AFTER MANY  
ONSLAUGHTSBritish-France Troops Hold Front  
And Advance Between Mount  
Kemmel and Scherterburg

## TOWN OF METROD REACHED

Magnificent Counter Attack Takes  
Loere For Allies, Placing Ger-  
mans in Nasty Pocket

## FIGHTING WELL EVERYWHERE

Some British Divisions Repulse at  
Least Ten Attacks—Fresh  
Enemy Troops Worn Out

(By United Press.)

Paris, April 30.—The long range bombardment was continued today.

Paris, April 30.—Violent artillery fire was reported today by the French war office on both sides of the Aisne in the Noyon region, and south of the Oise.

Amsterdam, April 30.—German cavalry was observed at Eschen, according to reports received today. Eschen is on the Holland-Belgium border 18 miles north of Antwerp.

Washington, April 30.—Fifty-eight casualties listed by the war department today showed 2 deaths in action, 2 from accident, 6 from disease, 5 severely wounded, 42 slightly wounded and 1 missing in action.

With the British Army in Flanders, April 30.—Hindenburg has had one of the worst days since the commencing of his offensive.

After repeated onslaughts throughout yesterday and far into the night the allied lines are intact, save between Mont Rouge and Mount Scherterburg where the situation is somewhat obscure. It is doubtful if the Germans are holding the cross roads near Loere which they captured Monday, as a magnificent counter-attack took Loere, putting the enemy in a nasty pocket.

Franco-British troops advanced their line to Metrod in the valley between Mount Kemmel and Scherterburg. Attacks and counter attacks are occurring regularly on the hills and plains around Ypres. Von Arnim put in about five fresh divisions Monday. Today their freshness was worn off.

The allies everywhere fought well. Some British divisions repulsed at least ten attacks.

London, April 30.—The Germans have been completely halted in their desperate attempt on a wide front in Flanders, designed to force a evacuation of Ypres.

Field Marshal Haig's report today said that the northern battle front is comparatively quiet following the repulse of the enemy yesterday and last night, showing that the Germans have been exhausted by the terrible pace, and enormous casualties.

Not only has the enemy been stopped but the French successfully counter-attacked near Loere, restoring all their positions.

In Picardy the British pushed the Germans back slightly east of Villers-Bretonneux.

With the British Army in Flanders, April 30.—The German artillery roared yesterday and last night from Ypres to Metrod but low flying

## TROOP TRAINS GO THROUGH

Two Travel Over C. I. & W. Bound

For a Camp in Georgia

That the troop movement is being carried on with greater rapidity with each passing day is evident by the number of troop trains which pass through this city weekly. Two troop trains, both traveling toward the east passed through this city yesterday. One train was made up of five coaches and the other of seven. Both trains were made up some place west of Chicago and were enroute to a camp in Georgia, say.

## Jump from Bed in Morning and Drink Hot Water

Tells why everyone should drink hot water each morning before breakfast.

Why is man and woman, half the time, feeling nervous, despondent, worried; some days headachy, dull and unstrung; some days really incapacitated by illness.

If we all would practice inside-bathing, what a gratifying change would take place. Instead of thousands of half-sick, anemic-looking souls with pasty, muddy complexions we should see crowds of happy, healthy, rosy-cheeked people everywhere. The reason is that the human system does not rid itself each day of all the waste which it accumulates under our present mode of living. For every ounce of food and drink taken into the system nearly an ounce of waste material must be carried out, else it ferments and forms ptomaine-like poisons which are absorbed into the blood.

Just as necessary as it is to clean the ashes from the furnace each day, before the fire will burn bright and hot, so we must each morning clear the inside organs of the previous day's accumulation of indigestible waste and body toxins. Men and women, whether sick or well, are advised to drink each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it, as a harmless means of washing out of the stomach, liver, kidneys and bowels the indigestible material, waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Millions of people who had their turn at constipation, bilious attacks, acid stomach, nervous days and sleepless nights have become real cranks about the morning inside-bath. A quarter pound of limestone phosphate will not cost much at the drug store, but is sufficient to demonstrate to anyone, its cleansing, sweetening and freshening effect upon the system.

## Notice of Final Settlement of Estate

Notice is hereby given to the creditors, heirs and legatees of Marietta Foster, deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, on the 22nd day of May, 1918, and show cause, if any, why final settlement accounts with the estate of said decedent should not be approved; and said heirs are notified to show and there make proof of their relationship, and receive their distributive shares.

Witness, the Clerk of said Court, this 26th day of April, 1918.  
GEO. B. MOORE, JR., Clerk Rush Circuit Court.  
A. L. Gory, Attorney.  
April 30-May 7-16

## GEORGE B. WALTON DIES THIS MORNING

Former Rushville Grocer, in Commission Business For Forty Years, Expires in Indianapolis

## NOT AWARE OF WIFE'S DEATH

Word has been received here of the death of George B. Walton of Indianapolis, which occurred early this morning following an illness of several months of paralysis which lately resulted in a complication of diseases.

The deceased who was 74 years of age, was a native of this city and while residing here was engaged in the grocery business. During the past forty years, however, he had been in the commission business in Indianapolis. The wife of Mr. Walton died two weeks ago but because of his serious condition at that time he was not told of her death and was not aware of it at the time he died. No immediate relatives survive. The body will be brought to this city Thursday for short funeral services after which burial will be made in East Hill cemetery.

## It's Up to You

By NATE SALSBERY, (Chicago Evening Post.)

If you want to do something toward ending the war, Subscribe to the Liberty loan. If you want to do something toward making Bill sore, Subscribe to the Liberty loan. There are some who must labor, and some who must shoot, But we all can do something, from poor man to plute. If you can't make the team, for the love of Mike, root! For the Flag and the Liberty loan!

## CITES SOLDIERS' PATRIOTISM.

Maj. Gen. Getty Points to Boys Who Subscribe for Liberty Bonds.

By BRIG. GEN. ROBERT N. GETTY, [Commandant at Camp Dodge, Iowa.]

What does the real soldier of today think of the Liberty loan? Just as he thinks of every other measure adopted by his government to put a spoke in the wheels of the machine that will carry him to victory. His enthusiasm can be explained best by depicting the manner in which he offered his pay down to the last few pennies to his government when the last Liberty loan was launched.

Many of the soldiers allotted so much of their pay that the war department found it necessary to authorize the discontinuance of some of these allotments that the soldier might have a small amount left for his personal use.

Our American soldier is the personification of patriotism. He is a living example of what his brothers back home would do well to imitate if their loudly proclaimed desires to help the cause for humanity's sake are sincere. He is giving up his family, his home interests, offering his life, and is now more than willing that his monthly pay should revert to the coffers of his country if it will materially assist in winning the war. He is giving his all, and willingly. He only asks for a chance to fight and that his brothers who cannot bear arms will stand back of him.

I am proud of these men and the fervor and spirit they display. It will be a great honor when that day arrives to lead them into battle, knowing they who have given everything will fight to the last man. It is to be regretted that many a soldier before induction into the service burdened himself with heavy financial obligations that his dependents might be provided for during his absence. I only wish that the small, selfish faction of the civilian element that is bringing pressure to bear upon the already overburdened soldier and his family because of these same obligations could but become imbued with some of the spirit of self-sacrifice and patriotism which the men on the other side.

## TEN YEARS' KIDNEY CURED

J. F. Chambers, merchant, Jonesboro, Ark., writes: "Foley Kidney Pills cured me of a ten-year standing case of rheumatism. I suffered miserably. A friend told me of being

cured, so I used them, and they cured me, too." Most middle-aged men and women are glad to learn that Foley Kidney Pills afford a way to escape sleep-disturbing bladder weakness, backache, rheumatism,

puffiness under eyes, stiff and swollen joints, and other ills attributable to kidney troubles. F. B. Johnson (Adv.)

### SHE IS QUALIFIED TO GIVE A WAR CONCERT

Continued From Page 1

a real mother, 'She is the bravest woman I have ever met.' 'Tonight is the best night I have spent since I have been in the army.' 'I never was so happy in my life—mother love is right.' 'She felt like a mother to me.' Many said: 'Can't we have her back again?' 'She made me think of my mother, and I came d— near crying,' and again, 'I'll tell the world she is a wonderful woman.'

'Those are only a few of the many comments. Some of the Boys followed her to every building and heard her sing in all her programs. Madam Riddell has a real mission to the Boys in camp, and ought to be made an Honorary Major in Uncle Sam's army, and an Honorary member of the National War Work Council of the Y. M. C. A. Here's hoping she will be.'

### LINES INTACT AFTER MANY ONSLAUGHTS

Continued From Page 1

aviators brought in reports that the attacks were slowing as wave after wave broke down.

The German high command ordered its men to take the hills from Kemmel to DesCats. But as this is cabled neither the French nor British have yielded ground despite the most violent onslaught of the war.

### National Army Men in France

With the American Army in Lorraine, April 30—National army men arriving from American camps, are bringing high spirit and additional strength to the forces here.

It is the force and spirit of newly arriving national army men that furnishes the element which the allies need to overwhelm the Germans, army leaders say.

Frequent renewed artillery activities by the Germans in the Lorraine sector northwest of Toul, is taken to mean that the Boches are seeking to force a concentration on the American front there to hamper Americans participating in the big battle to the north.

### DEMOCRACY AND FREEDOM

We Must Invest Our Money in Liberty Bonds to the Last Dollar.

By JOHN FITZPATRICK,  
(President, Chicago Federation of Labor.)

We union members have organized to protect ourselves from the aggression and selfishness of any man or group of men who shall try to sacrifice our rights to their desires. For years we have fought, and slowly but surely it has proven to be a winning fight. Labor regulations, state and government legislation, public opinion have all come to our side. Our fight is almost won—and we have grown strong and prospered. And now there comes against us a greater foe.

The German military machine is the curse of humanity and its destruction must be accomplished if democracy and freedom are to exist.

The ground we have won must not be lost. We will fight this new foe as we did the old. Democracy and freedom is the only thing possible in our eyes, whether it be for men or nations. We have learned that there are two sources of power—men and money. We have given hundreds of thousands of men—and now we will give money. We will invest our money in Liberty bonds to the last dollar that we can spare, so that we in America will forever be free to work out our own destinies.

Look at the Map; Buy Bonds. Don't be fed on false hopes. Germany has been winning this war. Look at the map today and see for yourself. Only the United States can defeat her. We have the men and the machinery and the money. Contribute your share of the money by investing in Liberty bonds.

# WRIGLEYS

Six reasons WHY it's a good friend:

- 1—Steadies nerves
- 2—Allays thirst
- 3—Aids appetite
- 4—Helps digestion

## OBITUARY

William A. Posey, son of Harrison and Sarah J. Posey was born in Walker township, Rush county, Indiana, February 15, 1851. He was born out of the body into the spirit world April 11, 1918, after having tented in the body 67 years, 1 month and 27 days.

He was educated in the common schools of Rush county and from active experience among busy men in youth and early manhood he was noted for his physical strength and always for his active mind. He married Laura F. Conde, a schoolmate, October 1873. To this union, nine children were born. Two of these, Harry and Sallie preceded the father out of the earthly life. He is survived by his companion who nobly labored and rejoiced with him through more than forty-four years of married life and by seven children, namely: Mrs. Luella Yakey, Jessie M., Ethel B., Mrs. Iva J. Gibbs, of Galesburg, Ill., Mrs. Lola Nordloh, Fred W. and Mrs. Mary P. Leisner; also by his brother James K. Posey, three sisters, Mrs. Louisa Weritz, Mrs. Minnie Moffett of Balboa, Panama and Mrs. Charles Hugo of Rushville.

The grand children are Everett Posey Gibbs and William Lowell Leisner.

Mr. Posey had resided on the farm where he died, for thirty-two years. He had a large acquaintance and was deeply interested in public affairs. He had served as Clerk of Rush county court, four years, and as County Commissioner six years. He became a member of the Arlington M. E. church in early life and took an active interest in its work for the Master until the last of his life.

He was a member of the following fraternal orders: Knights Templar and Knights of Pythias, he was interested in all of this fellowship and more, but he found the fellowship of the Saviour most precious of all as he suffered the last days of life in the body. An affectionate husband, a loving father, a good citizen, all in one word, a Christian, has said "Good-Bye" and gone on just a little way ahead of us, into the garden of Paradise, to progress onward until he shall enter the New Jerusalem—Heaven—whither he would have all who loved him to come into eternal bliss.

F. M. WESTHAFFER.

We are authorized to announce the name of George T. Ashton as a candidate for township assessor of the Rushville township, subject to the decision of the Republican primary election, May 7th, 1918.

## What Potatoes Will Do

More than 2,000 Indiana retailers have joined in the campaign to boost the sale of potatoes, under the leadership of Myer Heller, of Newcastle, state merchants' representative, in the federal food administration. Mr. Heller reports a very gratifying response to his request that merchants boost the sale and consumption of potatoes as a substitute for wheat.

Until the campaign began Indiana people generally lacked the information both as to the food value and the plentiful supply of potatoes, Mr. Heller states. He says the net result of the week's effort will be far-reaching, in that it will serve both as a conservation measure, and at the same time encourage many farmers to plant a large acreage, notwithstanding their discouraging experience with the 1917 crop.

Windows of grocery stores have been given over during the week to a showing of potatoes, illustrating their relative food value. Many stores have furnished recipes for the diversified uses to which potatoes may be put, including their availability for bread making purposes.

It has been estimated that if every one of Indiana's 3,000,000 population were to substitute three potatoes a day for three slices of bread, the increased consumption of potatoes would be 1,968,750 and the saving of bread would total 750,000 pounds per day. The value of this amount of wheat product abroad might be represented in the saving of scores of lives, that may be lost from actual starvation, unless America is willing to go on a wheatless diet until after the next harvest, the federal food administration says.

## Cheerful Letters

The war department urges that cheerful letters be written to soldiers by the "folks back home," no matter whether the soldiers be in France or a training camp in this country. It is the belief of army officers that probably the most fruitful cause of soldiers departing without leave is the discouraging letter from home. Instances could be cited locally where Rush county soldiers absented themselves from camp on account of pessimistic letters from wife, parents or someone in whom they are deeply interested.

Being absent without leave is a serious military offense and often leads to desertion, when a man's pride or fear will not let him return to his unit. The folks at home who correspond with soldiers have a great responsibility which they should not hold too lightly.

Every soldier wants to receive letters from home. They should be frequent, cheerful, hopeful and appreciative of the sacrifice that he is making for his country. They should be full of family incidents and cheerful home gossip. They should protect him from the trifling alarms and the small annoyances of everyday life. They should encourage him by giving full confidence that his family and his friends stand behind him in the great enterprise he has undertaken.

The value of such letters to soldiers is beyond estimate. The harm that discouraging letters from home do to him is clearly indicated by reports at the adjutant general's office.

## How a Drive Hits Newspapers

Few people are aware of how a big drive in the war zone, such as that which was started by Hindenburg late in March, hits the newspapers and makes their cost of operation mount. Every word that is being sent across the Atlantic by cable right now costs twenty-five cents. To say that the cost soon mounts up is needless.

Press associations are unwilling to wait and risk being late with their stories, since the drive began and have been disregarding the press rates, intent only on getting their news to the American people. The press rate is seven cents a word.

There is some consolation, however, in the fact that the war zone does not center in Gallipoli, for to get news of the operations there, it is necessary for the correspondents to send their copy by automobile to Constantinople, where it was wired to Vienna, relayed thence to Berlin, then relayed again to The Hague, where it was translated into English, wired to London, and thence cabled across the Atlantic to New York. The costs aggregated \$1.50 a word by the time the news was landed in the United States. Of course, there was less sent under these difficult conditions than is being sent about

## Stopped Children's Croup Cough

"Three weeks ago two of my children began choking and coughing, and I saw they were having an attack of croup," writes Billie Mayberry, Eckert, Ga. "I got a bottle of Foley's Honey and Tar and gave them a dose before bedtime and soon their cough and all sign of croup was gone." Foley's Honey and Tar is a standard low-priced remedy for colds, bronchitis, la grippe coughs. F. B. Johnson.—(Adv.)

the Hindenburg drive on the west front.

Some idea of how the press has responded to the call of the country may be gleaned from the announcement that California newspapers alone have contributed \$2,500,000 worth of space to the government's war publicity in the year the country has been at war. Considering California as an average state, this means the newspapers of the United States have given the government \$100,000,000 worth of free advertising to further the cause of the war.

Reports from Finland are that Grand Duke Alexis, son of the former czar, has been proclaimed czar of Russia. Well, let him have it; he couldn't make any more of a mess of affairs than the Bolsheviks have.

Water, water everywhere and not a drop to drink, the complaint of the shipwrecked, reminds one of another incongruity—free baths are being provided for sailors at San Francisco.

One of our new boats has been named the Licking. Whether or not it proves a desirable name will depend on whether it gives or takes.

It is quite the fad now to carry a package of Thrift Stamps around in your pocket to use in tipping the waiter.

## GOVERNMENT WILL TAKE OVER RAW WOOL

Local Dealers Are Advised Prices of July 30 Last Will be Paid—Prices to be Fixed

NONE BOUGHT FOR 30 DAYS

The government has decided to take over all raw wool now held in warehouses at the prices prevailing July 30 last, Oneal Brothers, dealers in wool here, have been advised. If the holders do not agree to sell at that price the wool will be commandeered.

The country's looms, forty percent of whose facilities are now engaged in government work, will be required to give sixty percent of their output to the government. Civilian consumers will get the remainder of the output at prices fixed by the government.

No wool will be bought or sold by dealers for thirty days, the local dealers have learned. Wool Dealers associations have pledged their support to the government in its program of fixing wool prices.

## BANISH CATARRH

Breathe Hyomei for Two Minutes and Stuffed up Head Will Get Relief

If you want to get relief from catarrh, cold in the head or from an irritating cough in the shortest time breathe Hyomei.

It will clean out your head in two minutes and allow you to breathe freely.

Hyomei will end a cold in one day, it will relieve you of disgusting snuffles, hawking, spitting and offensive breath in a week.

Hyomei is made chiefly from a soothing, healing, germ killing antiseptic, that comes from the eucalyptus forests of inland Australia where catarrh, asthma and consumption were never known to exist.

Hyomei is pleasant and easy to breathe. Just pour a few drops into the hard rubber inhaler, use as directed and relief is almost certain.

A complete Hyomei outfit, including inhaler and one bottle of Hyomei, costs but little at druggists everywhere and at Johnson's Drug store. If you already own an inhaler you can get an extra bottle of Hyomei at druggists.—(Adv.)

## Grippe At Night-- Tip Top In The Morning

Business Woman Finds a Quick Remedy for Colds, Lagrippe and Tonsillitis

Miss Bernice Krebs, 301 College St., Findlay, O., says: "During the month of January I was seized with hard chills while at work in the office of the Morning Republican and on arriving home in the evening found that I had a genuine case of Lagrippe. Nearly every bone in my body ached and I was so sick that I was unable to report at the office the following morning. I took four big doses of twenty drops each, of Hull's Superlative Compound that day. The next morning I was feeling tip-top and able to return to my duties."

Miss Krebs is only one of hundreds who have broken up colds, lagrippe and tonsillitis with Hull's Superlative Compound.

When these diseases grip you, your liver, kidneys and bowels do not perform their proper functions, with consequent clogging of the system, filling it with poison, causing a feverish condition, shooting pains, and aches which must be eliminated quickly or will result in dangerous complications.

When taken in time, Hull's Superlative Compound never fails to assist nature to do its work on these diseased organs of the body. It improves the circulation, causes the blood to reach every cell and rapid movement takes place.

Hull's Superlative is sold by all druggists on a positive money-back guarantee, and any man or woman who is sick or ailing--no matter what the condition or how serious--should lose no time in taking this preparation, for if it does not help you your money will be returned. For sale by all druggists. (Adv.)

## LETTER BREATHE SPIRIT OF OPTIMISM

Lowell Henley in French Camp With Mechanical Engineers Is Enthusiastic Over Work

DESCRIBES DAILY ROUTINE

Breathing a spirit of optimism and cheer, the first letter received from Lowell Henley, a former Rush county boy, who with a company of mechanical engineers, is in a French training camp, has been received by his sister, Mrs. Leonard Clark of this city.

Private Henley is one of Rush county's recent arrivals on foreign soil and his letter is filled with enthusiasm for his work. He is a member of a company of mechanical engineers and at present is engaged in "maintaining the training camp" concerning which the writer gives the following explanation.

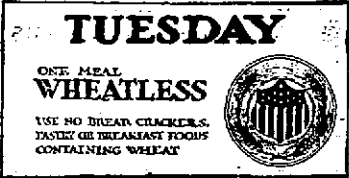

"We take care of the transportation, truck and railway, wireless station, pumping stations, electric lights, telephone and all line work pertaining to phones and lights. I have been placed in charge of one of the power houses and couldn't wish for anything better.

"There are four power houses each having an excellent little dynamo and engine combination which requires very little attention. They are started up about four o'clock in the evening and burn until nine-thirty at night. In the morning they are operated from five until seven o'clock."

"We are in the most convenient of barracks and in one of the best camps in France," declared the young mechanic.

FILE EXEMPTIONS TONIGHT

The auditor's office will remain open until eight o'clock tonight in order to give people opportunity to file their mortgage exemptions. Today is the last day for filing exemptions.

## A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole.

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbitten feet, colds on the chest (it often prevents pneumonia). Nothing like Musterole for croupy children. Keep it handy for instant use. 30c and 60c jars; hospital size \$2.50.

## For Burning Eczema

Greasy salves and ointments should be applied if good clear skin is wanted. From any druggist for 25c or \$1.00 for extra large size, get a bottle of Zento. When applied as directed it effectively removes eczema, quickly stops itching, and heals skin troubles; also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zento is a clean, dependable and inexpensive, penetrating, antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying. The E. W. Rose Co., Cleveland, O.

## SAMMY DESCRIBES FRENCH VILLAGES

Edmund Barry Is Delighted with Strange People and Unique Towns near Western Front

FRENCH FIELDS ARE GREEN

The description of the strange sights in the small French villages where American soldiers are usually billeted was contained in a letter received recently by Mr. and Mrs. James Dugan of this city from their foster-son Edmund Barry, who recently arrived in France.

"I could not begin to describe the many wonderful things I have seen since arriving over here. The people, their homes, the various modes of transportation are all so queer to the Americans who have become accustomed to the gigantic scale on which things are done at home.

"The people seem to have stepped from another world," declared the young Sammy, "so queer are their actions as well as their dress. In our quiet little village everything is green and beautiful and it seems impossible to believe that such a terrible war is being waged close by."

## RIPLEY BOY ON WEST FRONT

Forrest Parish is Located Somewhere on the Line

Forrest Parish, son of Mrs. William Parish of Ripley township, is somewhere along the firing line on the western battle front. A letter received by his mother a few days ago which was written March 18, indicated that he was about to move into front line positions. "We are in a sector within sound of the big guns, fully equipped and with gas masks ready, waiting for the threatened attack," stated the young soldier.

## Amusements

Drama of Adventure

At the Gem Theatre today the Broadway Star Features presents Patsy De Forest and Frank Glendon in a four part drama of weird adventure entitled, "A night in New Arabia." A good one reel fast comedy will also be shown. Wednesday, episode 15 of "The Hidden Hand," is on the program; also "Lonesome Luke," in a comedy with all the "pep" necessary to cure the blues. As an extra feature there will be the weekly Pathe News. On Thursday, "The Babes in the Woods," will be shown with Virginia Lee Corbin, one of the famous Fox kiddies, in the title role.

Tom Sawyer at Princess

Tom Sawyer, supreme representative of the tribe of boyhood, is holding forth at the Princess Theatre today and whoever misses the popularization of this famous story with Jack Pickford in the title role misses a treat. Wednesday Mae Marsh and Tom Moore will be presented in a new Goldwyn picture "The Cinderella Man," taken from the stage success of Oliver Morosco of the same name. Miss Marsh in the role of Marjorie Caner, daughter of an American millionaire who cares for nothing but his business interests, is given opportunity to display her rare charm and ability. The picture down to the last detail of the setting is admirably staged and the unanimous verdict of every one who sees it is "that is the most beautiful picture I have ever seen." Thursday Earl Williams will be seen in "In the Balance." Friday Marguerite Clark will appear in "Seven Swans."

Mrs. T. M. Casady of Indianapolis underwent an operation at the Dr. Sexton hospital this morning.

## A Business Should be as Big as Its Job

If bigness is of benefit to the public it should be commended.

The size of a business depends upon the needs which that business is called upon to serve. A business should be as big as its job. You do not drive tacks with a pile-driver—or pile with a tack-hammer.

Swift & Company's growth has been the natural and inevitable result of national and international needs.

Large-scale production and distribution are necessary to convert the live stock of the West into meat and by-products, and to distribute them over long distances to the consuming centers of the East and abroad.

Only an organization like that of Swift & Company, with its many packing plants, hundreds of distributing houses, and thousands of refrigerator cars, would have been able to handle the varying seasonal supplies of live stock, and meet the present war emergency by supplying, without interruption:

First—The U. S. soldiers and the Allies in Europe by shipping as much as 800 carloads of meat products in a single week!

Second—The cantonments in the United States.

Third—The retailers upon whom the American public depends for its daily supply of meat.

But many people ask—Do producers and consumers pay too much for the complex service rendered?

Everyone, we believe, concedes the efficiency of the Swift & Company organization—in performing a big job in a big way at a minimum of expense.

Swift & Company's total profit in 1917 was less than 4 cents on each dollar of sales of meat and by-products. Elimination of this profit would have had practically no effect on live stock and meat prices.

Do you believe that this service can be rendered for less by any other conceivable method of organization or operation?

These questions and others are answered fully and frankly in the Swift & Company 1918 Year Book sent free on request. Address Swift & Company, U. S. Yards, Chicago

Swift & Company, U. S. A.

## To the Voters of Rush County

It being impossible to see every voter personally, I respectfully solicit your vote at the Primary, May 7th.

HARRY (HAL) GOSNELL

Republican Candidate for Commissioner Southern Dist.

## Our Personal Interest

Close attention to a given task develops personal interest in its smallest detail—it constantly unfolds new ideas and better methods which gradually but surely makes the worker an expert in his line.

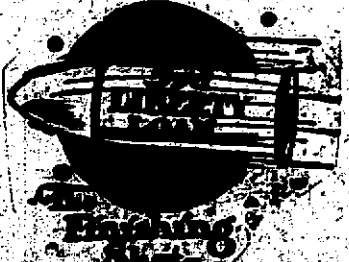

Garments brought to us for cleansing, pressing or repairing are given our close attention. You may feel assured that the work will be done right. No matter what the job is or how small, we can guarantee satisfaction. Rugs and carpets are now being cleaned, scoured, dusted, etc.

We maintain a repair department and can alter your clothing. Let us prove to you that personal interest usually marks the difference between doing a thing right and doing it wrong.

THE SUBWAY

Mrs. J. E. Walther, Miss Mary Duncan, and Miss Doris Saxon entertained with a miscellaneous show yesterday at the home of Miss Saxon near Falmouth, honoring Miss Mary Hinchman whose marriage to Howard Kehl will take place Wednesday, May 8. About sixty guests were present and spent the afternoon in playing games and with contests and music. The rooms were charmingly decorated with a profusion of spring flowers the color scheme of yellow and white predominating in the decorations and in the refectory which was served in the dining room at the close of the afternoon.

The Community Club of Falmouth will meet Friday evening at eight o'clock in the high school auditorium. The following program has been arranged:

Selection—High school orchestra.  
Song—America.  
Selection—High School orchestra.  
Address—"The Soy Bean," County Agent Morrison.  
Reading—Deloris Eabank.  
Piano Duet—Doris Saxon and Curtis Scholl.  
Address—"Tile Drainage," H. L. Frost.  
Selection—Orchestra.

The members of the Knights of Columbus will entertain at their club rooms in West Second street tomorrow evening with an informal evening party. The guests will include the club members and their families and friends. The date of the affair has been changed from Thursday to Wednesday evening.

The W. R. C. will meet tomorrow afternoon with Mrs. William Offutt at her home in East Sixth street. The members are all asked to be present and to bring their thimbles and a needle large enough to hold yarn for it is planned to finish the quilt which the members have been working on.

The fifteen members of the O. N. T. Club spent a delightful afternoon at the home of Mrs. George Osburn at her home in North Harrison street. The afternoon was spent in sewing and knitting and dainty refreshments were served by the hostess.

Mrs. Nellie Morris and children of South Harrison street entertained at

## TAKE UP RESIDENCE HERE IN RUSHVILLE

Mr. and Mrs. Earl Payne and Daughter Elizabeth at Home in Former Residence of Sen. Watson

## ARRIVE HERE FROM VERMONT

Mr. and Mrs. Earl Payne and daughter Elizabeth, age four years, arrived yesterday and have taken up residence in the beautiful home at the corner of Main and Eighth streets which Mr. Payne recently purchased, furnished, from Senator James E. Watson. Mrs. Payne was formerly Miss Grace Frazier of this county and is well known here.

The fact that Mr. Payne, who is president of the Peoples National bank and the Peoples Loan and Trust Company, was married was not known among his friends here until recently. Mrs. Payne and daughter have been living in Vermont.

The sale of Senator Watson's home was arranged some time ago, but it was not announced until a few weeks ago when Senator Watson wrote friends here that he had made the sale but did not intend to leave Rushville.

## Social Calendar

### Wednesday

All day meeting of the Band of Workers of the Presbyterian church with Mrs. Charles Dohy.

Ladies Missionary Society of the Baptist church at the church at 2:30.

Happy-Go-Lucky Club with Mrs. Ira Clawson, in the afternoon.

K. of C. Card party at the hall, in the evening.

W. R. C. with Mrs. William Offutt, in the afternoon.

Woman's Foreign Missionary Society of St. Paul's M. E. church with Mrs. Charles Hugo in the afternoon.

Luncheon Sunday honoring the birthday of Charles Martz. The guests included Mr. and Mrs. F. M. Needham and daughter, Helen, and Mr. and Mrs. George String, and Miss Leona Wilkinson of New Palestine.

There will be a meeting of the Missionary society of the Little Flatrock church Thursday afternoon at two-thirty in the church parlors. A program, which is being arranged by the committee, will be the feature of the meeting.

Mr. and Mrs. Bert Mallin entertained the evening card club at their home in Perkins street last night. Only the members of the club were present and spent a pleasant evening at bridge.

The Ben Davis Creek Missionary Society will meet at the church on

## This County May Obtain Woman Agent

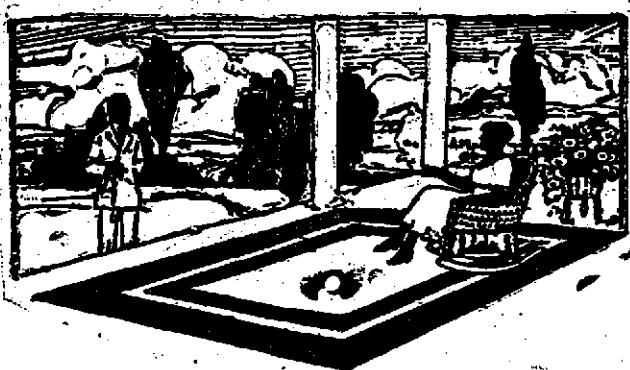

Movement is on foot to get Demonstrator Who Will Give Part of Her Time to Rushville and Rush County During Season When Advice is Most Helpful. All That is Necessary is to Raise Fund of \$200 and Government Pays Her Salary.

Plans are on foot whereby a demonstration agent for Rush county in the woman's work of conservation will be secured to visit the county at intervals and lecture to the women, assisting in the household problems which confront them during the present issue.

The home demonstration agent work is being done under the auspices of the government and the position was especially created in order that the question of conservation and substitution might be solved successfully. The proposed agent would give her entire time to Rushville and Rush county during certain periods, serving much in the same capacity as the municipal housekeeper does in the city.

The salary of the home demonstrator is paid by the government with the exception of \$100 which must be raised in the territory where the agent works. Another hundred dollars must be raised locally in order that an office might be equipped and the agent furnished with the necessary implements to carry on the work. The government is asking that \$200 be raised among the women's organizations in the county interested in order that all women might feel an interest in the work.

Mrs. A. L. Stewart, who heads most of the woman's work in this county, has been notified of the value of women demonstrators in solving the household problems, and expects to take the matter up in order that during the summer and especially during the canning season, Rush county women might receive the assistance of expert, practical housekeepers and cooks.

## Deltox Grass Rugs

THE RUGS OF MERIT

The chief beauty of DELTOX Fine Weave Grass Rugs lies in their SMOOTHNESS of Texture and ARTISTIC Patterns.

## Will Complete Registration Of Women

Those in Charge of Canvass Hope to Finish Campaign This Week Because More Enthusiasm is Being Shown. Workers in Northern Part of Union Township Report 100 Percent Registration.

Mrs. Louis Lambert, county chairman of the woman's registration committee, announced today that an effort would be made during the remaining days of the week to complete the canvass of the woman power of the county.

Rush county women are daily displaying more enthusiasm toward the campaign and scores of women who, at the opening of the drive, refused to fill out registration blanks, are calling on registrars and asking that they might be allowed to do so.

The number of women who have refused the request of the registrars is small and with each passing day is growing smaller. In Carthage, during the few days when the women have been working, almost every woman has been reached but in an attempt to secure a one hundred percent registration, they will continue their work until the campaign is closed.

Arlington registrars have secured the signatures of 250 women and reports from the northern part of Union township indicate that there

is a one hundred percent registration has already been reached.

The employees of the Rushville glove company will be registered tomorrow and at the meeting of the Mahoning council Friday evening, the members of this lodge which has one of the largest memberships of any woman's organization in the city, will register. The house to house canvass of the city which is being made, is for the purpose of gathering up any of the women who have been missed in the registration of the clubs and various church societies and other organizations of the city.

Among the clubs which have recently reported a one hundred percent registration are the S. E. T. Coterie, Shakespeare, Tri Kappa, Psi Iota Xi, the high school girls and the women members of the high school faculty.

A big patriotic demonstration was staged in Brookville today marking the final days of the liberty loan drive in that county. Wallace Morgan, John Geraghty, Charles Lamberton and A. C. Brown of this city attended the meeting.

## Are You Making Good?

Can you do your work with as little fatigue as you did ten years ago? Perhaps overwork is telling upon you and you need a tonic to build up your blood and nerves.

## DR. CHASE'S Blood & Nerve Tablets

The grandest of all tonics, contains Iron, Nux Vomica, Gentian. They replace iron in the blood and phosphorus to the overworked brain and nerves. Weigh Yourself Before Taking. Price 50 cents; Special Strength 90 cents. United Medicine Co., 221 N. 10th St., Philadelphia, Pa.

## TELL YOUR WIFE CORN LIFT OFF

Doesn't hurt a bit to lift corns or calluses off with fingers

Not a twinge of pain or soreness before applying, or afterwards. This may sound like a dream to corn-pestered men and women who have been cutting, filing, and wearing torturous plasters. Yes! Corns lift off and calluses peel off as if by magic, says this Cincinnati authority.

A quarter ounce of freezone costs but a few cents at any drug store. Apply a few drops directly upon your tender corn or callus, and instantly the soreness disappears; then shortly the corn or callus will be so loose that it lifts off. Freezone dries instantly. It doesn't eat out the corn or callus, but just shrivels it up so it lifts away without even irritating the surrounding skin. Women should keep it on the dresser and never let a corn or callus ache twice.

## THANKS PEOPLE FOR SUPPORT GIVEN HIM

Sergt. Guy Newman Expresses Appreciation For Fund Which Was Raised to Equip Him

### KNOWS PEOPLE ARE WITH HIM

Sergeant Guy Newman, who was ordered to report to Camp Shelby, Miss., after a few days leave here, before departing wrote a short statement thanking the people of Rushville for the fund which was raised for him since he was successful in being recommended for a commission as lieutenant at an officers training camp. He says: To the people of Rushville:

I am taking this opportunity to thank the people of Rushville who have so kindly "come to the front" for me at the present time. It would be impossible for me to tell how grateful I am to the ones who so kindly contributed to make my services to the flag successful. I have worked hard to attain my present status and because of the good wishes demonstrated by this donation I intend to work just a little harder. I knew, as all the boys in khaki know, that the folks at home are behind them. Especially do I want to thank Mrs. J. P. Gaffin, Mr. and Mrs. Will Dill, and Thomas Green for the interest they have taken.

Sincerely Yours,  
SERGT. GUY NEWMAN.

## ADDITIONAL SOCIETY

Thursday afternoon at two o'clock. Mrs. Ethel Gray will be the leader of the meeting and everyone is invited.

The Woman's Foreign Missionary society of St. Paul's M. E. church will meet Wednesday afternoon with Mrs. Charles Hugo at her home in North Morgan street. Miss Ella Mary will be the leader.

The Catholic Ladies Aid Society will meet Thursday afternoon with Mrs. Mart Coyne at her home in North Sexton street. Mrs. Mike Coyne will be the assisting hostess.

## Doctors Make Important Announcement

They Take the Public in Their Confidence

Reliable physicians believe that broken down nerve tissues need not a brace but a builder like Phosphates and Iron. To get these essential food tonics to the nerves has long been the big question.

A successful physician says, "Phosphated Iron is an especially adapted discovery that has solved the problem of giving Phosphates and Iron in such a way that the nervous system can actually take hold of it."

Another, an equally important mission of Phosphated Iron is to build up anaemic (thin, weak, watery) blood by charging it with good health-giving Iron.

A leading Doctor says, "Phosphated Iron is the best Iron tonic that I have ever prescribed, its results are remarkable."

Strengthening the nerves, building up their starved tissues and recharging weak, watery blood with the great health restoratives, Iron and Phosphates is the mission of Phosphated Iron. You who are nervous, weak, anaemic (lack of Iron in the blood) all in, and run down cannot afford to turn down the help that Phosphated Iron offers.

Special—To insure physicians and their patients receiving the genuine Phosphated Iron we have put up in capsules only, so do not allow dealers to substitute pills or tablets, insist on the genuine, in capsules only. PIEMAN & WILSON, and leading druggists everywhere. Rushville, Ind. (Adv.)

FOUND—new automobile tire on King pike, three miles south of Rushville. Call at the Republican office. 4113.

LOST—in Rushville city, one hundred pound sack chicken feed. Tender please return to Onal Bros. 4013.

## SPINAL MENINGITIS CAUSES BOY'S DEATH

Valora Hinchman, 16, Son of Albert Hinchman, Dies Monday Evening at Glenwood

### MOTHER DIED 2 MONTHS AGO

Valora Hinchman, sixteen-year-old son of Albert Hinchman of Glenwood, died yesterday evening shortly after five o'clock at the home or his father. Spinal meningitis was the cause of death which came after an illness of several weeks.

The death of the boy is the second to occur in the immediate family of Albert Hinchman within two months. Mrs. Albert Hinchman, mother to the deceased, died two months ago following a short illness. The father and four brothers and sisters survive.

The funeral services will be conducted tomorrow afternoon at two o'clock at the residence after which burial will be made in the Hinchman cemetery.

### FINAL APPEAL MADE FOR LIBERTY BONDS

Continued From Page 1  
speaker declared, "The British and French armies were rent asunder and the Hun hordes poured through toward the coast. But the bravery of the French and the courage of the British saved the day."

"They have been standing between us and the Hun for more than three years. It is now the time for America to reach her destiny. The premier of England says send men as fast and in as great numbers as you can. We can not depend on the soldier alone. We must mobilize the whole nation. The call comes from the government and connects us with the trenches."

"I notice by the newspapers that there are only fourteen counties in the state better than this magnificent community. But why should there be fourteen? Give 'til it hurts, until it quits hurting and then give some more. Have any of you really sacrificed anything? We have been giving of our surplus. Let us deprive ourselves of something. Let us advance all down the line."

In closing, Mr. Adams recited one verse of "The Battle Hymn of the Republic."

"Let this be our comfort and our courage," he concluded, "that God is with us and that God is in His Heaven and that all will be right with the world."

The out townships are coming to the front most splendidly in the latest emergency and daily township honor flags are being sent to various townships which have gone over their allotment. Already flags have been placed in prominent places in New Salem, Mays, Raleigh, Falmouth, Carthage and Milroy; indicating that Noble, Center, Washington, Anderson and Ripley township have been successful in raising their full quotas.

Final appeals are being sent to every part of the country by Secretary McAdoo telling of the vital necessity of the present drive being overwhelmingly oversubscribed. "The nations engaged in this war have only one business—winning the war," Mr. McAdoo writes. "This is no time when business men have their own interest or their own prosperity to consider. This issue that we have with the kaiser is our denial that any kaiser has any divine right to interfere with our liberty. The only way to fight the kaiser is to fight him with bayonets. And we must use our dollars to sharpen the bayonets."

The women in every part of the county are continuing to pour a goodly share of dollars into the county's financial response to the government. An additional \$2,550 was added to their subscription, bringing their total subscriptions up to \$151,000.

## Strive To Have Healthy Skin

Next time you are in a gathering of women note the different conditions apparent in complexion. You will see some filled with blackheads, some dry and rough, some smooth and glossy, some smeared with rouge, some streaked with heavy metallic powders and once in a while you will see one that is a demonstration of intelligence from every point of view. The color is rosy, the skin is clear and smooth, the pores are small and open, the powder does not show on the firm vigorous skin. Every woman can have a good complexion if she will only use a little discretion. If you would acquire real beauty, the beauty of perfect health, you must replenish your worn-out nerves with lecithin. Nature's own nerve restorer, and put into your blood the invigorating iron which Nature intended it to have for health. In most of the modern foods there are other vitalizing elements have been largely eliminated. Yet to be healthy and beautiful the system must have them. They are found in Bio-feren, not only in proper proportions to restore weakened vitality but in such form as the system can best assimilate them.

A treatment of lecithin and iron phosphate as combined in Bio-feren increases the appetite, aids nutrition and invigorates the patient. And Bio-feren in its pellet form is easy and palatable to take—no liquid

iron discoloration of the teeth, no unpleasant taste.

There is no secret or mystery about Bio-feren. Doctors prescribe it regularly because they know exactly what it contains as well as what it will do and they know they could not formulate a better up-building tonic.

The action of Bio-feren on the system is so beneficial, we are so sure of its giving you positive health and vigor, providing, of course, there is no serious, chronic ailment such as cancer, tuberculosis, etc., that we only sell it on the condition that you agree to return the empty package and accept a refund of your money unless you are entirely satisfied.

There is no use waiting for health and beauty. It is better to do things today than tomorrow. Go to your physician today—right now—he will advise Bio-feren. Then start taking it at once as he advises or an directions on the package call for. The guarantee protects your money. Interesting booklet may be had for the asking.

Large package \$1.00 at all leading druggists or direct if your druggist can not supply you. The Saniat Remedies Co. Inc., Cincinnati, Ohio.

## Why Not Make Up Your Mind To Buy a Janesville Planter?

It takes the chance out of corn planting and we feel sure you will like it. A good many thousand farmers have found in the JANEVILLE just what they wanted in a planter.

## You Can Depend on the Drop

A sight feed shows you just what is being planted. Our system of plates will handle any kind or variety of corn just as accurately as is possible by mechanical means.

## BARBERRY BUSHES RUIN WHEAT CROP

Emergency Agent Detrick Asks That This Grain Destroyer be Eliminated in Rush County

EITHER BREAD OR BARBERRY

Two Kinds of Barberry, The Harmful Species Will be Identified by County Agent

"Every person in Rush county having any common barberry bushes in their yards and gardens owes it to his country to destroy this bush and aid in the campaign for more wheat and other grains," declared Marion Detrick today, beginning his campaign against this harmful shrub.

The eradication of the common barberry from the grain growing region will greatly aid in reducing the enormous losses caused by the black-stem-rust of wheat, oats, barley, and rye. This common shrub and its purple-leaved variety develops and spreads black-stem-rust in the spring and early summer. Stem rust caused a loss of over 200,000,000 bushels of wheat in the spring wheat districts of the United States and Canada in the crop of year before last.

Residents of both the city and rural vicinities are urged to dig out the shrub where ever it is found. The common, or harmful barberry, grows usually four to eight feet high. The branches are upright and sometime arching. The leaves are from one to two inches long and the teeth along the edge are prolonged into delicate spines. The flowers are produced in clusters and are bright yellow.

The fact that many people can not distinguish the harmful from the harmless barberry has led them to allow the shrubs to flourish, yearly

## Says His Prescription Has Powerful Influence Over Rheumatism

Discoverer Tells Druggists Not to Take a Cent of Anyone's Money Unless Allenrhu Completely Banishes All Rheumatic Pains and Twinges.

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. Druggists handle Allenrhu in this vicinity with the understanding that they will freely return the purchase money to all who state they received no benefit. (Adv.)

## SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous hair dye have been sold annually, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your hair becomes luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

This preparation is a toilet requisite and is also indicated for the hair, skin and for prevention of disease.

## PITMAN AND WILSON RECRUITING AGENTS

Will Accept Volunteers for United States Shipping Board to Serve on Cargo Carriers

FOR MEN BETWEEN 21 AND 30

Pitman and Wilson, local druggists, have enlisted as special recruiting agents here for the new American merchant marine. One hundred and eighty-eight Indiana druggists have volunteered to do this work and druggists will have 6,395 such stations in the United States.

Each will serve the United States shipping board at \$1 a year, and will open a recruiting station at his store, where American citizens, between 21 and 30, may apply for training on a squadron of training ships maintained by the shipping board, for the drilling of crews for the new national cargo fleets.

The recruiting work will begin in this state with a drive for firemen, oilers and water-tenders, who will be given a special course in training at an engineering school in Chicago before being forwarded to an Atlantic port for special sea training on a U. S. shipping board training ship. Following this, the men selected will serve in crews of merchant vessels in the Atlantic trade.

destroying great quantities of grain.

Mr. Detrick, who is most anxious that this evil be eliminated, will gladly identify the harmful shrub if samples of what is supposed to be barberry be brought to his office in the court house.

"It is either bread or barberry," declared the emergency agent, "and it remains with Rush county people to decide whether they will eliminate the plant or suffer the loss of great quantities of wheat yearly."

## SCHOOL HEADS WILL MEET IN GREENSBURG

Central Indiana School Superintendents Will Hold Annual Session Friday

PROGRAM HAS 3 SESSIONS

J. H. Scholl, superintendent of the Rushville public schools, will attend the meeting of the Central Indiana Superintendents club which will be held in Greensburg, Friday, May 3.

The purpose of the meeting is to discover a uniform plan of study to be pursued and on account of the warring conditions to rearrange the school schedule accordingly. An inspection of the city schools and a round table discussion will be the feature of the meeting.

The program for the day will include a visit to the schools, a meeting at the Y. M. C. A., physical culture exhibits by the girls, followed by a round table discussion. The evening session will be composed of another discussion. The club contains thirty members.

## ARRANGE FOR SILO MEET

Local Men to Make County Drive Latter Part of May

Following the state meeting of farmers interested in the silo campaign through Indiana, preliminary arrangements for the drive in Rush county to be made the latter part of May, are being completed by W. A. Alexander and Marion Detrick, who are heading the campaign for Rush county. Meetings among the farmers are being planned for the latter part of next month because at that time it is believed that the first rush of the spring work will be over and the men will be able to attend the meetings.
